

HYTHERM

SOLARSECURITY

Introducing Hytherm Solar Security—a cutting-edge solution that combines the energy efficiency benefits of Hytherm Solar with the added protection of Hytherm Security.

This advanced sealed unit features excellent solar control, keeping spaces cooler in the summer and warmer in the winter, while reducing the need for air conditioning and heating. At the same time, it incorporates a layer of laminated security glass, providing enhanced protection against break-ins and external threats.

Perfect for modern homes and businesses, Hytherm Solar Security ensures a comfortable, energy efficient, and secure environment year-round.
